

GR411 Conditions For Therapeutic Administrations of Prohibited Substances

1. A horse and/or pony exhibiting at a Licensed Competition pursuant to the Therapeutic Substance Provisions that receives any medication which contains a prohibited substance is not eligible for competition unless all of the following requirements have been met and the facts are furnished in writing on a timely-submitted official Equine Drugs and Medications Report Form:
 - a. The medication must be therapeutic and necessary for the diagnosis or treatment of an existing illness or injury. Administration of a prohibited substance for non-therapeutic or optional purposes (such as, by way of example only, shipping, clipping, training, turning out, routine floating or cleaning of teeth, non-diagnostic nerve blocking, uncasting, mane pulling or non-emergency shoeing) is not considered to be therapeutic. Any trainer who is uncertain about whether a particular purpose is considered to be therapeutic would be well advised to consult the Federation Equine Drugs and Medications Program office.
 - b. The horse and/or pony must be withdrawn from competition for a period of not less than 24 hours after the medication is administered.
 - c. The medication must be administered by a licensed veterinarian, or, if a veterinarian is unavailable, only by the trainer pursuant to the advice and direction of a veterinarian.
 - d. Identification of medication—the amount, strength and mode of administration.
 - e. Date and time of administration.
 - f. Identification of horse and/or pony, its name, age, sex, color and entry number.
 - g. Diagnosis and reason for administration.
 - h. Statement signed by person administering medication.
 - i. Equine Drugs and Medications Report Form filed with the Steward/Technical Delegate or Designated Competition Office Representative within one hour after administration or one hour after the Steward/Technical Delegate or Designated Competition Office Representative returns to duty if administration is at a time other than during competition hours.
 - j. The Steward, Technical Delegate, or Designated Competition Office Representative must sign and record the time of receipt on the Equine Drugs and Medications Report Form.
 - k. At selection trials for World Championships, and/or Olympic and/or Pan American Games, the requirement of subsection (b) above, that the horse or pony must be withdrawn from competition for a period of not less than 24 hours after the medication is administered will not apply, provided that:
 1. the competition is conducted pursuant to the written selection procedures as approved by the Federation Board of Directors;
 2. the written selection procedures specifically allow for therapeutic administrations of medications by a USEF-appointed veterinary panel within 24 hours preceding competition, and the written selection procedures are in no case less stringent in this regard than the FEI Veterinary Regulations (Articles 1006.7 and 1006.8) and guidelines pursuant thereto;
 3. all requirements of the written selection procedures regarding therapeutic administrations of medications have been met;
 4. all requirements of this Rule have been met except subsection GR411.1(b); and all persons competing in the competition are eligible and competing for selection.
2. Where all the requirements of GR411 have been fully complied with, the information contained in said Equine Drugs and Medications Report Form and any other relevant evidence will be considered by the Federation in determining whether a rule violation was committed by any person(s) responsible or accountable for the condition of the horse and/or pony under the provisions of this rule.

NOTE: The official Equine Drugs and Medications Report Form is available from the officiating Steward/Technical Delegate and/or Competition Secretary. All required information must be included when filing a report. Failure to

satisfy and follow all the requirements of this Rule and to supply all of the information required by such Equine Drugs and Medications Report Form is a violation of the rules. The Steward/Technical Delegate must report any known violations of this Rule to the Federation for such further action as may be deemed appropriate.

3. Flunixin, in addition to one other substance listed in GR410 (a) through (g), may be found in the same plasma and/or urine sample of a horse under the following conditions and for the treatment of colic or an ophthalmic emergency only: (i) must comply with GR411.1; (ii) the flunixin must have been administered by a veterinarian; (iii) the required medication report form must be signed by the administering veterinarian; and (iv) the horse must be withdrawn from competition for 24 hours following the administration.

GR412 Administrative Penalties

1. The provisions for administrative penalties shall apply to any potential or alleged violation of the Equine Drugs and Medications Rule. The Federation shall hold in abeyance the issuance of charges of rule violation pending further determination by the Chairman of the **Veterinary** Committee, who shall take into consideration all pertinent information available, including the seriousness of the alleged violation(s), precedents in similar Federation drug cases, and any prior rule violation(s) by the individual(s). At all times while consideration is given as to a determination by the Chairman of the **Veterinary** Committee, the identity of the horse, rider, trainer, coach, and owner must not be known or disclosed to him.
2. The Chairman of the **Veterinary** Committee shall, upon consultation with staff, and within 60 days of receipt of laboratory results, make a determination in his or her discretion whether to recommend the issuance of charges by the Federation, whether to recommend a plea agreement, whether to impose administrative penalties, or whether to take no further action in the matter, and shall communicate that decision in writing to the Federation's CEO or his designee.
3. In the event the Chairman of the **Veterinary** Committee determines to impose administrative penalties in accordance with GR412.2, in lieu of a recommendation to issue charges, he or she shall be authorized to impose any or all of the penalties enumerated in Chapter 7, GR703, setting forth the terms and conditions for compliance. The trainer(s) and owner(s) shall after receiving written notice of the right to a hearing, after their written waiver of same, and written acceptance of an administrative penalty, be subject to any and all administrative penalties imposed by the Chairman of the **Veterinary** Committee. *Effective 4/1/2018*
4. The Federation shall give written notification to trainer(s) and owner(s) of administrative penalties determined pursuant to GR412.3 above, the terms and conditions of which shall not be subject to negotiation. An administrative penalty must be approved by the Hearing Committee Co-Chairs before it is offered to the Respondent(s). Once accepted by all parties and by the Hearing Committee, an administrative penalty shall have the same force and effect as would a finding of rule violation by the Hearing Committee following a hearing pursuant to Chapters 6 and 7, and will be published on the Federation's web site.
5. Any trainer(s), or owner(s), or both, who have received notice of an administrative penalty under GR412.4 and who have not accepted same in writing shall receive a hearing before the Hearing Committee, in accordance with Chapters 6 and 7. Administrative penalties accepted in accordance with this Rule shall be effective immediately, shall be final, and shall not be subject to further review under any circumstance(s).
6. In the event an administrative penalty is not accepted in writing, the Federation shall issue a written charge or charges pursuant to Chapter 6, and the Hearing Committee shall conduct a hearing pursuant to Chapters 6 and 7 upon said charge(s). In the event of a finding of a violation, the Hearing Committee shall not be limited in choice of penalties to those that might have been imposed in accordance with GR412.2 and .3, nor in any such instance shall the Hearing Committee be limited in any other way in exercising all of its prerogatives as set forth in the Bylaws and Rules.
7. A blood sample may be retested under these Rules at any time exclusively at the direction of the Federation. The
